Press Release for Immediate Distribution

Christmas Concert for starving and malnourished children at the Illarsaz Church, Saturday December 18th at 8:15 p.m.

The brass quintet « Poire en 5 » and the trombone quartet « En coulisse », both comprised of local regional musicians, will offer a concert Saturday evening, December 18th in the Illarsaz church. They wanted to give more meaning to these musical moments as stated by the trumpet player, Nicolas Clerc: «By the pleasurable means of music we want to help associations who are assisting the needy».

This is why the musicians contacted the Valaisan humanitarian association, Morija. Together they decided to use their talent to help the cause of malnourished and starving children in the Morija nutrition centers of Burkina Faso and Chad.

The program should please all. Morija and the musicians invite you all to join the concert. Entrance is free of charge and a collection will be taken up at the end of the concert in favor of the little hunger and malnutrition victims.
